

Test cases for final project

TC_01: Verify SauceDemo website opens successfully

OBJ: To verify that the SauceDemo website loads correctly in the browser.

The screenshot shows the Swag Labs login page. At the top, the text "Swag Labs" is displayed. Below it, there is a login form with two input fields: "Username" and "Password". A green "Login" button is positioned below the password field. At the bottom of the page, there is a dark green box containing the following text:

Accepted usernames are:	Password for all users:
standard_user	secret_sauce
locked_out_user	
problem_user	
performance_glitch_user	

TC_02: Verify successful login with valid credentials

OBJ: To verify that user can login using valid username and password.

The screenshot shows the Swag Labs login page with the username "standard_user" entered in the "Username" field and "secret_sauce" entered in the "Password" field. The green "Login" button is visible below the password field.

TC_03: Verify products can be added to cart

OBJ: To verify that products are successfully added to shopping cart.

Sauce Labs Backpack

carry.allTheThings() with the sleek, streamlined Sly Pack that melds uncompromising style with unequaled laptop and tablet protection.

\$29.99

Remove

Sauce Labs Bike Light

A red light isn't the desired state in testing but it sure helps when riding your bike at night. Water-resistant with 3 lighting modes, 1 AAA battery included.

\$9.99

Remove

Sauce Labs Bolt T-Shirt

Get your testing superhero on with the Sauce Labs bolt T-shirt. From American Apparel, 100% ringspun combed cotton, heather gray with red bolt.

Sauce Labs Fleece Jacket

It's not every day that you come across a midweight quarter-zip fleece jacket capable of handling everything from a relaxing day outdoors to a busy day at the office.

TC_04: Verify shopping cart opens successfully

OBJ: To verify that user can navigate to shopping cart page.

Swag Labs
